Event Ties

Fax (309-829-0625) or email (nicole@iesa.org) to IESA by Monday following Sectional Meet

Host: Mt. Morris Rahn Sectional # 23

Hytek randomly places ties in reports for all field and running events. Every time the results are printed the order will be randomly submitted.

Throwing Events:

- For places in throwing events, the second best performance from either preliminaries or finals of the competitors tying shall resolve the tie. Then, if necessary, the third best, and so on.

Jumping Events:

- For places determined by height: the competitor with the fewest number of trials for the height at which the tie occurs shall be awarded the higher place. If the tie still remains, the competitor with the fewest total number of unsuccessful trials throughout the competition.
- For places determined by distance: the higher place is awarded to the tying competitor whose second best performance is better from either the preliminary or finals. If a tie remains, the higher place is awarded to the tied competitor whose third best performance is better than the third best performance of any tied competitor, etc.

Running events:

- When fully automatic timing (FAT) is used, time shall be recorded in one-hundredths of a second.

Please include the students' names, events below and the order they finished as the ties were broken at the Sectional Meet. .
