## IESA Scholar Attitude Award

The Illinois Elementary School Association is pleased to recognize today's dreamers and tomorrow's leaders. IESA is the sole presenter of the Scholar Attitude Award.

One student from each school who is considered exemplary is eligible to be chosen as a recipient provided he or she meets pre-determined standards. The following requirements apply: eighth grade status, minimum 3.5 grade-point-average (on a 4.0 scale), participating in at least one IESA activity during his or her two-year (7th-8th grade) junior high school career, and demonstration of outstanding citizenship during their tenure. In addition, each student is required to submit a typed essay titled: The Value of Sportsmanship.

Begun in 1999, the IESA Scholar Attitude Award recognizes one outstanding eighth grade student from each of the 15 IESA membership divisions. The IESA Scholar Attitude Award has honored 394 students from 214 different member schools since 1999.

The class of 2020 will receive their awards at the 22nd annual luncheon in Bloomington on May 5, 2020.

To learn how your school can nominate a student, visit [www.iesa.org](http://www.iesa.org) and click on Scholar Attitude on the home page.

# IESA GIRLS VOLLEYBALL STATE TOURNAMENT SUMMARY

From 1976 to 1984, there was one class of IESA Girls' Volleyball. In 1985, two classes were split equally into Class A and Class AA based upon school enrollment. Beginning in 1989, Classes A and AA were further divided into 7th and 8th grade levels, which remain today. Beginning in 2007, the 7th and 8th grade series went to four classes (1A, 2A, 3A, 4A) each. A school's seventh and eighth grade enrollment determines its class.
