If the administrator of any participating school determines the team can not reach the tournament site due to weather conditions, the tournament game(s) shall be rescheduled as soon as possible. Other contests scheduled on that particular date may still be held.
- C. If your sectional game is rescheduled, please make sure that you notify the IESA that your game schedule has been changed.
- D. **If weather forces the sectional to be rescheduled, the host must reschedule the sectional for Thursday or the IESA will release the sectional to the participating schools so the sectional can be completed on Thursday. If both schools express an interest in hosting, a coin flip is done in the IESA office to determine the host.**

XI. Forfeiture

- A. A team failing to field the required number of starting players within thirty (30) minutes of the scheduled game time shall forfeit the game. A game or match that is played even though the school

failed to field the required number of starters within thirty (30) minutes of the scheduled game time cannot be protested for that reason.

Q. As a regional tournament host, should I notify the other team before they leave home when their opponent has forfeited in advance?

A. Yes. It is not necessary for a team to correctly appear on the game area at the correct time and before thirty minutes have elapsed if it is known in advance that their opponent is forfeiting the contest. Administrators should use good judgment in making decisions to notify other teams of declared forfeits.

Q. One of the teams that is scheduled to play in my sectional is late. There has been no contact from that school. What do I do?

A. The game will be forfeited if the school is not dressed and ready to play within 30 minutes of the scheduled starting time.

Q. My sectional basketball game was scheduled for 6:00 p.m. One of the schools scheduled to play in the contest has called and indicated they have had bus problems and will be arriving after 6:25 p.m. Should this game be forfeited?

A. No. Schools have 30 minutes from the scheduled start time to arrive at the site. Since contact has been made between the host school and the school that will be late, the game shall start no later than 6:30. There would be at most 5 minutes of warm-up time given to the school who is late as the game may not start later than 30 minutes from the scheduled start time.

Q. One of the teams that is scheduled to play in the first round of my regional has called to indicate their bus is having mechanical problems. They believe they will be an hour late. What do I do and what is my next step?

A. The game will be forfeited if the school is not dressed and ready to play within thirty (30) minutes of the scheduled starting time. While it is unfortunate the team will be late because of bus problems, to continue delaying the regional will only cause problems for the teams who are scheduled to play later in the day and officials who are scheduled to work that day as well. If the school arrives 30 minutes after the scheduled start time, the contest should be declared a forfeit, the host school should notify the IESA Office, and the next game should be played at the scheduled start time.

Q. Whose responsibility is it to declare a forfeit if a team is late?

A. The host manager has the responsibility to declare a forfeit. This is generally the administrator of the host school.

Q. Can the coach call the tournament host to tell him they are unable to appear due to bad weather?

A. It is valid when done by a school administrator.
