IESA GOLF SCORING PROCEDURE AND SCRIPT FOR SCORER

Scoring Procedure After Round Completion

1. Each group will report to the score tent.
2. The IESA representative will read an opening statement prior to the recording of scores.
3. The representative will then announce the first competitor's name (alphabetical order by players' last names).
4. The competitor who kept that card then goes through the player's score card hole-by-hole to verify that each hole has been correctly recorded.
5. If, after going through each hole, the card is correct, the competitor and his/her scorer shall sign the card and return it to the scorecard box. No alterations may be made on a scorecard after the competitor has put it in the box.
6. If there is a dispute, the committee shall resolve it before allowing the card to be signed.
7. The process shall be repeated for the remaining players in the group (alphabetical order by players' last names).
8. After the card is signed and put in the scoring box, scoring personnel shall add the hole-by-hole scores to determine a player's total.

NOTES
- *A player's card shall be considered final once he/she puts it in the box.*
- *All results are considered final and subject to no further review once they have been verified by the IESA not later than 24 hours after the completion of each state tournament.*

Scoring Script

Congratulations on completing today's round in the IESA state contest. In a few moments, we're going to go over the hole by hole scores for the competitor you were assigned. When we're finished, we'll ask you to sign that card and you'll need to do this before leaving this scoring area. Once you release the card into the box, your scores will be considered official so if you have any questions while we are verifying your group's scores, you must say something before the card is in the box. We need your cooperation and attention for the next couple of minutes to get through this process. At this time, please make sure you have hole-by-hole scores for the competitor you were assigned.

(Begin by announcing the name of the first competitor in the group by alphabetical last name.)

We are now going to verify the hole-by-hole scores for (*name of competitor)* of (*school)*. Who kept score for (*name of competitor)* of (*school)*?

Please read for me the hole-by-hole score for (*name of competitor)*, beginning with the first hole. If you have any questions or notice any discrepancy, let us know.

To the competitor - Do you agree with those hole by hole scores for the 1st nine *(verify w/both the competitor who kept the scorecard and the competitor whose score it belongs to)*?

Do you agree with the hole-by-hole scores for the 2nd nine?

Each of you must sign the scorecard and turn it into the scorecard box at the end of the table.

Repeat for each competitor in the group; the official scorer is responsible for adding the scores.
