The IESA Basketball Advisory Committee, in its meeting on March 3, 2022, makes the following recommendations to the IESA Board of Directors for their April 5, 2022, meeting:

Proposed: Move the 7th girls regional up one week from **(Weeks 20-21)** to **(Weeks 19-20)** and the 8th grade up from **(Week 22)** to **(Weeks 20-21)**. Beginning in the **2023-2024** school year.

Current: Currently, the girls 7th grade regional is held the week of Thanksgiving, **Weeks 20-21** and the 8th grade girls regional may begin on the **Monday** after Thanksgiving **(Week 22)**.

Rationale: 8th grade girls basketball is the only level between boys and girls that does not have a Saturday to hold regionals on. For regionals that are eight team regionals, not having a Saturday to host your regional makes for a very long week.

Proposed: Move the 7th grade boys sectional playing date from **Wednesday** of **(Week 31)** to **Monday** of **(Week 31)** and the 8th grade boys sectional playing date from **Wednesday** of **(Week 32)** to **Monday** of **(Week 32)**.

Current: The playing date of the boys 7th grade sectional is **Wednesday** of **(Week 31)** and the 8th grade boys is **Wednesday** of **(Week 32)**.

Rationale: In two of the four years I have been the basketball administrator, the 7th grade boys sectional has been severely impacted by weather. This year we had seven sectionals completed on Friday night and one on Saturday morning before the start of the state tournament. In our current format, with the sectional held on Wednesday, we have very little time between the sectional and state. Moving the sectional to Monday would give us more time to reschedule before the state tournament begins.
