All information will be entered online - schools entering the girls' softball state series must enter the following information online in the IESA member center by the online roster and record deadline. Teams shall be ruled ineligible to compete in any state series contest unless the regional entry form has been completed; penalties will be enforced if the regional entry form information and roster/record is not submitted by the posted deadline.
2. Schools are required to submit their season schedule in the softball entry center by the date listed in section II of these Terms and Conditions.
3. Schools that fail to submit their season results by the online roster/record deadline will not be allowed to seed the other teams within their regional but the teams in that regional will be allowed to seed the team(s) who fail to list season results.
4. The school/team personnel information entered on the regional entry form is what will be used for free entries into the state finals should a school advance to that level.
 - a. The IESA pass cards are intended for use by the school administration (superintendent, principal, assistant principal, athletic director). School administrators who wish to have a guest accompany them at the state finals must present the IESA pass card at the ticket gate to allow the guest free entry.

Schools will be asked to submit the coach's name and email address; doing this certifies that each student on the roster has a birth certificate on file and she meets the eligibility guidelines as put forth by the IESA. It is the ultimate responsibility of all competing teams for all athletic activities to ensure that each participant listed on its regional entry form is eligible.

6. Changes, additions, and/or substitutions may be made to the regional entry form information until 4:00 pm on the date listed as the "Roster Closed" deadline of the season calendar in Section II of these Terms and Conditions. No roster changes are permitted after this deadline.

 - c. Special Comments – any additional notes schools should consider when ranking.
- B. Online Ranking
1. A school that has not completed any of the online seeding procedure steps has no say regarding seed. It is that school's responsibility to enter the appropriate material online by the deadline.

 - c. Head-to-head competition with common opponents
 - d. Record against common opponents
